True Father’s words

“We will continue to have assemblies until D-Day.”

“By D-Day, all indemnity conditions must be established and the Seunghwa Ceremony must be held.”

“The position where Jesus died was that of the Tribal Messiah.”

“In our church, the period of the young is until 48 years old. One can actually be a grandfather / grandmother by that age. When one establishes three generations centering on God, they can remove the shadow of the fall from their lineage.”

“We have two years and one month to go until D-Day, and everything has been accomplished already. (In relation to this, Father says he is 93 years old now.)

“Until I became 10 years old, I wondered if my father and mother were really my parents. It was because I felt my mind was different from that of my father and mother. When my grandparents were not with them, my parents told me to listen to just them, but not my grandparents. I thought that was wrong.”

“I realized a government investigator was in my town by listening to the dog’s bark. In such a case, at least two dogs barked. The spirit world taught me such things.”

“When a government investigator came to our town, my parents tried to protect their children but not their parents. That was wrong. Likewise, everybody tries to protect only somebody closer. I realized this point, and thought on how to solve this problem.”

“To enter the Heavenly nation, you must be united with all creatures of God.”

“If you read the word (household or church member in our case) in reverse, it is \_\_\_, which means ‘old style.’ This means we need to follow grandparents’ way.”
