Black people will become white

Hoon Dok Hae on 6.30 by the H.C.

North Garden, Kodiak Alaska

Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words.

Yeon Ah Nim read Father’s speech titled “The Current Value of Us” from his speech book #27. The following are some of Father’s words after the reading.

“Black people will become white. When we say ‘Let’s come back to our hometown,’ it means Korea. If you want to come to live in Korea, you have to learn Korean and your skin color should be changed. A prostitute on the street who sells her body would be able to digest 13 different nationalities in a day. You should not say you cannot change your color through the Blessing. So you must learn Korean and the Korean way of salutation, and become a person, whom parents want to love, saying, ‘You are more beautiful than my youngest son.’ Then you can be a part of the family.”

“Those who joined Hoon Dok Hae today will receive the speech file (the same material and color as Father’s speech file). Without having this, one cannot attend the ceremony on D Day. The term ____ is a common word, without which one cannot deny the satanic world and get out of there. The words of Jesus, Confucius or any other religions will not work for that. This speech is a formula. (Reading the title of the speech) The True Parents of Heaven, Earth and Humankind were already settled. The proclamation of the Substantial Words was finished already. The Cosmic Assembly was finished already as well. But you were not finished with any of them. You have to repeat it in full accordance with what I did. ”

(Reading the first line of the speech) “The Assembly of the Original Divine Principle / Assembly of the Origin of the Principle.” This part was added after the proclamation of the advent of the era of the coming of heaven is not used here in a secular meaning. This means all the Blessed families in the spirit and physical worlds. This first part is really organized well. This is true, not a lie. These are the words expressed centering on True Family. These are the first and eternal greeting words in the era of the coming of heaven.”

“Who proclaimed the era of the coming of heaven? True Parents. With all your property, you must make the same speech file for descendants.”

“This means my life happens once but you must follow my course and perfect yourself in your life. It is your own responsibility to do the same as True Parents did.”

“I had those who did not want to graduate there go there, since I need to go over the number 5.”

“This is not spirit self, but soul / spirit which does not have a character yet. You do not know what I am talking about. Satan does not know this either.”

“Here you have spirit self. Nobody has known this term, which I found. With your current spirit self, you cannot correspond to God, and cannot call him ____, which is not cannot go to heaven.”

This has not been realized. We are heading for this stage.” “It is now (Sungwha Kwon), which is different from Seunghwa Kwon.”

“Are you confident that you will not die? People will know when they die that they are all connected to Satan’s

blood lineage and Jesus cannot appear to them even if they call to him. There are no lies in this speech.”

“From now on you must attend Hoon Dok Hae with this speech book.”

But later in page 61, Seunghwa is changed to Sunghwa.
