Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an "official" publication of True Father's words.

Right after True Parents came in the room, True Father said, "Where is the camera man? Take the photos of the whole congregation here." Then without being seated, holding the file of his speech, he said,

"This speech has the contents of all about the spirit and physical words that we should teach to the whole world. I will do my tour in Europe with this material."

Then he had a ceremony to let Hyung Jin Nim and Yeon Ah Nim inherit the speech: the couple received the file of the speech from True Parents, and then Father told all in the room to raise their right hands and they responded saying "Yes."

"The ceremony that we had this morning was to conclude the era before heaven. After this ceremony, this speech is the only speech for me to proclaim with new white suits on. This is not actually a speech but the constitution of a heavenly nation." Then he read his speech, making comments.

Later, looking at his agenda book, he said, "I wrote here 'Oct. 3, 2001.' This is the agenda in which I write in, in order to look for a nation. What is that day? It is the 'Foundation Day for the Nation of the Unified World. It had been the 'era before heaven' before that day and the 'era after heaven' started after that day.
