Hoon Dok Hae

True God's Day

Cheon Jeong Gung, South Korea

Unofficial Notes: Michael Jenkins

Note: These notes are taken from a simultaneous translation. Simultaneous translation is done in summary form and depends greatly on the translator's ability and the scribe to communicate the essence of the message. These cannot be published as definitive texts and should never be used in the future as an "official" publication on Rev. Moon's words. However they do provide a good idea of the "spirit" of the message.

True Parents entered to a glorious welcome. True Father looked vibrant and Mother looked so beautiful. Father wore purple traditional clothing, and Mother wore a beautiful pink Chima Chogori. Father and Mother stood together as Father lit the seven candles in front of the offering table.

Dr. Peter Kim read the first God's Day Message of January 1, 1968

True Father

"This prayer is something I want you to hold on to. It will give you the power to fulfill everything. Now every good act you do will benefit your ancestors directly, I never had that blessing but had to carve out the will of God through indemnity.

January 13, 2011: Coronation of God's Kingship. This speech and this prayer has been fulfilled. Father and Mother have been protecting this content. This is God's ceremony for his complete release and sovereignty, and the God of the Day and the Night can return with his Family. Everything can be fulfilled at this time. Cheon-gi [heavenly calendar] is now being established (the heavenly foundation). This is the 2nd year of this foundation.

Don't hesitate to do God's Will. Adam and Eve disobeyed God's command. Then Jesus, the Second Adam, was sent — and he was crucified. Jesus was killed and the fulfillment of the Kingdom was prolonged. We have to understand this. Now, the Second Coming of Christ is upon us. True Parents indemnified the failure of Adam and Eve. Jesus came and was rejected. Father also indemnified this, and this led to the release and liberation of God.

We must follow the tradition of Hoon Dok Hae.

Concerning marriage, you can't just marry whomever you want. In the recent blessing, True Parents didn't choose the spouses. The life and death of your children as blessed couples cannot be connected to the satanic world. When this happens, we enter the Kingdom on earth. Everyone who is born on this earth has to know this. Those who don't participate in Hoon Dok Hae will go to hell naturally. There will be no obstacle, they will just go. Kings, Presidents, whoever they are in this world, if they don't receive God's Word (Hoon Dok Hae), they will be lost to hell. [At this time of] the Second Advent, you must stick to these words absolutely. You have to stick to these words at the price of your lives.

The current President of Korea is Lee Myung Bak, and he is trying to run the country without God. His name will become Cho Myung Bak. He represents the month of the Sun. The Moon cannot shine without the Sun and

therefore it has a special value related to the Sun. I have given you all the words you need to fulfill your destiny.

There are many “Doctors” here. However is your doctorate important? Do you know God? In sacrifice, we have the dove, sheep and cow. In Las Vegas, the doves are very expensive. I found this interesting. There is a huge ocean between Papua New Guinea and the Solomon Islands. Still the people in Papua New Guinea are suffering.

Did you know that there is a breathing hole (spiritually) at the top of your head? People forget about giving, and they just want to receive. We don’t realize the importance of both ends. The back end or anus is very important. If your breathing hole is blocked, you cannot function properly.

When people are doing politics and work to steal from others, they will find their descendants cut off — it is spiritual law. I know the secrets of America, Russia, China and Japan. When I met [Mikhail] Gorbachev, I told him — you don’t know any of this. I told him to take down the statues of Lenin and Stalin. When I met Kim Il Sung I told him that people need to visit Kum Gang San. I need to have North and South Korea and all the old Goguryeo land [one of the three ancient kingdoms of Korea].

If our spiritual breathing hole is blocked, you can die. Through kidnapping [of our members], Japan is trying to get rid of the Unification Church. We won the Asian championship; Japan was not happy. Japan is a Sun Day or Night Day. The name “Japan” contains the character for Day. What is the night character? Why do they have the name Il Bon?”

The Fukuoka Sunhak Choir sang, In Jin Nim and Sun Jin Nim presented flowers, and True Father read then read his speech.

He also asked Dr. No Hi Pak to sing a special Japanese song. He said that even though Dr. Pak was not Japanese, somehow it goes deep into his heart when he hears him sing it. He said it is because of the spirit world.

“There are many that say the Unification Church should just disappear, but more people are coming.

There are words in my speeches that I could be killed for. As the teacher of the spiritual and physical worlds, your religious founder Rev. Moon. This kind of content is very hard to come forward. If I don’t say these things, there will be no pillars left for humanity — not even nylon lines. This speech is a link to heaven. There is no nation like that or spirit like that. Many people may think I look stupid or that I will disappear — but you will see. My name is alive in Japan and in America. There is no one who understands the words I am speaking. You are here representing the world. What is the main place of residence?”

The Cosmic Assembly to Proclaim the Substantial Body of Heaven, Earth and Humankind, (July 8, 2010 speech — title changed several times.) (Father read this speech)

This speech represents all the speeches of my life. More than anything else, I would like you to understand my words on this 44th True God’s Day.

We read the speech from the 4th God’s day and the Coronation. This speech represents all of them.
