Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words. However, they do provide a good idea of the “spirit” of the message. — Rev. Katsumi Kambashi

There were many participants from Japan that day.

“From my childhood, the spirit world educated me. I wrote lots of poems and I wish I had them now. One day, I wrote three notebooks that had 70 pages each. My speech years ago we are now reading is nothing compared to what I wrote those days, which were not my words but the contents I received directly from the spirit world.”

“I haven’t been able to release my grudge towards Japanese people yet. Who chose Japan as Eve nation? (‘It is Father.’) Nobody knows it(s background).”

“People recently said ‘If Rev. Moon dies, the Unification Church will disappear.’ It will not disappear for millions of years. Instead, I would say 10 to 100 nations will disappear in the future.”

“From my childhood, the spirit world taught me how to interpret the words.”

“The God of Night and the God of Day have been separated. Those who have no struggle between the mind and body, raise your hand. Raise your hand! Nobody? Why so? The fact mind and body became separate stems from the fact that the God of Night and the God of Day have become separated. God gave Adam and Eve a warning of not to eat the fruits of the tree of good and evil. Why did they eat it? What is the fruit? You don’t know it, do you? The person who clarified the human fall is here. This is not a lie.”

“With just a dream, one can’t conquer the world.”

“Hyoyul (Dr. Peter Kim)! Are you interested with me? (‘Yes’) Bong Tae! (‘Yes.’)”

“Japanese have ‘haiku An old silent pond... A frog jumps into the pond, splash! Silence again.’ This is a famous poem.”

“The oldest chronicle in Japan is called Kojiki (‘Records of Ancient Matters’). It is the beggars (Geoji)’ record (Girok), that is, Geojigi in Korean, and so I will say ‘Don’t believe it.’

“It was when I was 5, 6, and 7 years old. When there was a place I wanted to go, I got up early in the morning, I disappeared for a couple of days and came back home. I have such a character.”

“Christians, though they talk about Cain and Abel, they don’t fully know it. What recently impressed me (from listening to his own speech) is it is only Yong Myung Moon (Father’s original name) that found and clarified that the principle of Cain and Abel is the fundamental principle of the cosmos and so it is my patent. If one understands this principle, that means they understand 70% of the secret of the cosmos. All the relationships in the cosmos are based on the principle of Cain and Abel. Then where should be the center of it? It is exactly in the middle.”
