Female UPF members from Daegu participated at the meeting that day.

“I do not insist on doing my responsibility while neglecting God. I do it centering on God. Since the beginning of human history where countless people have been born and gone, I, born in Jeong Ju, Korea, have been the first and only person who mentioned the God of Night and the God of Day.

How do I know the spirit world well? Simply because I went there and saw all of it. Do you know the spirit world? There is an order in the spirit world. Those who do not experience the three dimensional world do not know the spirit world.

What part of the face is the most important? Eye, nose or mouth? Your nose is located at the front of your body when you stand. You just live without knowing these things, don’t you? When you listen to my words, do you feel it is necessary to newly learn or not? When a baby cries saying ‘Omma’ one can know if they make their families and tribes prosperous or not by seeing if they do so while putting their face up or down.

Men and women are different regarding this. When a baby girl cries, they put their faces down saying ‘Appa’ or ‘Omma.’ But a baby boy is different. They put their faces up when crying and calling ‘Appa’ but they put their faces down calling ‘Omma.’ It is scary that the baby boys know that when mothers become old, they must follow their sons, and they could not be good mothers otherwise. Those women here who snap at and kick their sons are all thieves. Their sons will think, ‘My mother must be removed since she became an obstacle in my family and tribe.’ They know this kind of thing when they become 7 years old. You do not know even this kind of thing and so you women here are all false.”

“Tokugawa Iyasu and Toyotomi Hideyoshi are Koreans.”

“Where do you live? (‘Daegu’) Why then are you here now? (In our church history) Daegu people hated us the most. Do you know they hated me more than anybody else?”
