Hoon Dok Hae

Cheon Hwa Gung, Las Vegas NV

Note: These notes are taken from the web page Unificationism and (or) a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words.

Mrs. McDevitt read Father’s speech titled “Goal,” and the following are parts of her reading.

“To pursue a goal, one’s mind and body must be united, and there must be a great power for people to continue to do so. That is God’s love. When we pledge in front of God, He cannot help but be involved, and therefore what we pledge to do in front of God must be realized without fail. God, having prepared nine out of ten, lets humans know the rest and pledge to accomplish it.”

“God’s grace comes to you only after indemnity conditions have been paid. If one pays indemnity conditions before the time has come, even a materialistic condition (of lesser indemnity) can work in order to recover human affairs. Therefore, people always need to pursue good. This means they can walk the path of making indemnity conditions in advance. When one in the individual period pays indemnity conditions for their familial level, they can easily go the path when they are actually in the familial period.”

Below are some of Father’s words after the reading.

“It is the time for settlement, not for rest and quiet. It is the settlement, not the rest and quiet of the True Parents of Heaven, Earth, and Humankind. Sons and daughters do not come from rest and quiet. With children, settlement can take place.”

“Those who do not know the ‘portion’ of their responsibility cannot be united with others. For example, women who do not know their portion of responsibility cannot be united with men. The portion of responsibility is different with each other. Then how can they be united with each other? Through emotions.”

“In one’s living atmosphere, they must feel true emotions as the fruits of their life. Where do emotions proceed? In the living for the sake of others. Emotions exist in harmony with water, air, and the cosmos. Their starting point, the flowing process and settled points, cannot be separated. The love from husband to wife, from wife to husband, from parents to children and so on are all related. All emotions start from one.”

“God had been an unperfected subject partner (Who could not have His object partner), and so I would like to tell Him “Do not say You are God.”

“I trained myself through physical exercises. Can you believe me if I say I slept for a week without closing my eyes?”

“Once I start praying, I usually go for 12 hours and sometimes even for 17 hours. (Through my prayer) I realized the path of the Divine Principle, who God is, what the relationship between God and myself is, and so on. It was not that I looked after God but that God came to, embraced and raised me since He needed me. I do not like being the founder of the Unification church. I do not like being the Messiah or the Second Coming or the king of kings.”

“Why did Princess Diana die? Who knows if she died by a car accident or not?”

“(There are three parts in the title of Father’s speech and they are) The Firm establishment of the True Parents of Heaven, Earth, and Humankind, God’s word centering on substance, and the cosmic world assembly. These three have no shadow of the fall. Nobody cannot explain these.”

“It would be better to be married earlier, such as at an age before 17.”

“There are a variety of families. But if you earnestly do Hoon Dok Hae with your children, they even become healthy from sickness. My words mysteriously come to be realized.”

After the meeting Father gave his autographs to Rev. Jeong Soon Jo and his three brothers.
