It is the ultimate time for Korea after thousands of years

Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words. However, they do provide a good idea of the “spirit” of the message. — Rev. Katsumi Kambashi

Mrs. McDevitt continued to read Father’s speech “The Path We Must Go” from his speech book #30.

“The reason why I go to Korea is because it is the providential and ultimate time for Korea after thousands of years. At this time, if these people (representatives of 172 Korean surnames from Korea and the faith leaders from the US) do not receive and welcome this opportunity, everything would be gone. The difference between me (and other sages) is that I provided textbooks and teaching materials. If you stick to and live centering on them, your life can smoothly flow without any blockage.”

“You must know how scary the principle of indemnity is. I am the person who has been hooked on my neck by it. The Indemnity condition is a scary thing. Do you know how I am scared of that speech (Cosmic Assembly for the Proclamation of the Settlement of the True Parents of Heaven, Earth and Humankind, and the Substantial Word of God)? Those words are not something I said. I know that. Those are not my words.

Wonjoo (Mrs. McDevitt), what was the title of the speech you read today? (‘The Path We Must Go’)

How serious our path is. These words are not something you can listen to with a smile. I have been serious each and every day, but what you think (and do) has not meant even a fence for me, and so you can imagine how much I have been taken aback. You must understand that you have thrown dirt at my face. I have realized what I had said. If I had used arms and knives towards the president of a nation, I could have solved problems years ago. But I can’t do that because I know the principle and there is the spirit world.

Read my textbooks and teaching materials to find if they are wrong. If you find something wrong with them, correct me. Those were the words for the sake of three generations: yours, your children’s and grandchildren’s. Actually I don’t have to explain this because you don’t understand it.

My speech book becomes a human and speaks. When I tightly hold those books, they become a human and it speaks. I don’t know who this person is but it could be the best ancestor of our Moon tribe, or it could be Heavenly Father with such a form. I have never seen that face before. That’s why I am the person who can’t live carelessly. I am actually a pitiful person.”

After the meeting Father continued to go out to go fishing.
