Korea is the only nation that suffers from the foot-and-mouth-disease

Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words. However, they do provide a good idea of the “spirit” of the message. Rev. Katsumi Kambashi

“Say Goo Jee Yeok (foot-and-mouth-disease). Of the many countries in the world, Korea is the only one that suffers from the foot-and-mouth-disease.”

(Uniquely explaining how to kick the soccer ball and how to wrestle in a Mongolian way which now dominates the Japanese sumo field)

“I was a soccer player and as well as a wrestler. When I was 13 or 14 years old, I won a cow by wrestling. I’m talking about this for the first time. I sold it without taking it to my home and shared (the money) with all the participants, and so they all applauded to me.”

“From now on, Hoon Dok time (in the world) must be set to my Hoon Dok time”

“The left leg is centered on the worldly life and the right leg is centered on the invisible world. When I am exhausted (after standing for a long time), my right leg becomes swollen and heavier than the left leg by 1.5 times. In such a case, I need to balance myself not to become handicapped by leaning on the left leg. Chung Hwan Kwak has a slim left leg, and I have a large right leg. I taught him how to balance himself on legs and put him in my place, and then he tried to get me. I taught him 97% of the whole and so he does not know the 3%.”

(When Shin Jun Nim came to Father, Father said to him)

“These (Hoon Dok Hae participants) are your younger brothers.” “He (Shin Jun Nim) is my teacher. One has to attend to their grandchildren in place of God.”
