Mrs. Yang read Father's speech titled Where the Relationship for Inheritance Occurs from his speech book #29 from page 80.

Nobody knows the importance of one's responsibility on a tribal level. There is a difference between the family and the tribe. Likewise, tribe and nation is different. Though I reached my final point I will not conclude everything there. Returning to the spheres of the tribal Messiahs, the conclusion must be done there. That is the principle.

Why? Jesus died (on that level). I am the substitute for Jesus but am (on a) different (level) from Jesus. I am different from Jesus, who came 2000 years ago. The background of my birth is also different from his, and I provided eight textbooks and teaching materials. I am not on the familial level nor the worldwide level either. After going beyond the cosmic level, I obtained the recognition from the spirit world. After that, I obtained the recognition on earth and then when I go to the spirit world, all I have done must be fit there. Without getting the first and second steps done, it is impossible for the third step to occur.

Hyo Yul (Dr. Peter Kim)! ('Yes') Have you received Mother's instructions? I cannot talk about serious things everyday but what I said two days ago was recorded. (To Dr. Peter Kim) Have you heard that all I say must be delivered without any correction? (Mother: 'I said (to him) to deliver as it is.') You said that? Those who came here today must listen to that.

Have True Parents had their wedding ceremony in the sphere where heaven and earth resonate with each other? The final step for True Parents is entering the sphere of the resonance of heaven and earth, to have a wedding ceremony, which should have occurred in the Garden of Eden. That is God's wedding as well as True Parents wedding. That signifies the perfection of family which can echo with heaven and earth.

These words are the most fearful words for me. The most fearful words. Before I like them most, they are most fearful words for me. The only words that must remain in the Garden of Eden should have been 'True Parents.' It is because they are legitimate successors. You must know that. What I said two days ago was 'Have so-called True Parents had their wedding ceremony in a true sense?'

Why am I bothered to say the God of Night and the God of Day? What do they do getting together? The problem is that humankind could not have one unified tradition. The most important issue is to establish the sphere of resonance. Regarding the sphere of resonance, the current situation (centering on True Parents) must be more stable than that before the fall of Adam and Eve.

Do your eyes, nose, mouth and ears resonate each other on individual level? What is the root of the resonance?

On our next birthday I will become 93 years old and mother will become 70 years old. We (Father and Mother) are like twins. Between twins, when one has pain, the other knows it. When one suffers agony, the other knows it.

How many days left before D-Day? (537 days.)

(Reading the title of his speech file: Settlement of the True Parents of Heaven, Earth and Humankind) This means everything has been done. Proclamation of the Substantial Word of God. This also means everything has been done. Cosmic assembly.. This means the liberation of God in which God can freely play and do anything new. So the title of the speech has the whole. Actually Heaven, Earth, and Humankind alone is a conclusive word even without 'True Parents' or other words.

I am connected to the spirit world. Without me there is no relation to the spirit world, and the words 'providence of restoration' could not have appeared.

If there is no wedding ceremony of True Parents, there will be no tradition. There will be no blood lineage. Therefore, the law of resemblance cannot function. Then God would have been alone.
