The internal and external God are not separate entities

Sun Myung Moon

April 12, 2011

Hoon Dok Hae

Cheon Hwa Gung in Las Vegas on 3.10 by the H.C.

Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words.

While Mrs. McDevitt was reading Father’s speech from his speech book #22, Father, sometimes saying “That’s right” to the contents, gave some words as follows:

“Without having the internal united with the external and being concluded on earth, the word (of truth) does not appear. The concept that True Parents will conclude (God’s providence) on Heaven and earth at the final point would not exist otherwise. The Internal visible God and external God as the Creator cannot be recognized as separate Entities.”

“The first Adam, the second Adam, the third Adam, the fourth Adam, and the fifth Adam which is in God’s position, and it must go until the sixth Adam.”

“Chambumonim Eog Mansei (Long Live True Parents) which Hyung Jin has been saying came after Dae Pyung Seong Dae (the reign of tranquility and prosperity). On the level foundation of ?, True Parents appear and we say Mansei for them. Hyung Jin needs to explain it clearly.”

“When Jesus appeared to me and asked if I can succeed to his mission, I said I did not want it. I still keep my options open. The God of Night, the God of Day, Jesus’ mother and father, and their nation, my mother and father, and our nation: they are one, not two. If I am asked to be able to attend to the God of Night as father and the God of Day as mother, I will do it. I will do the duties of the filial son, patriot, saints, and divine son. I am the person who has been prepared to do even that. If you do not do it, I will teach you.

The Substantial God (God incarnate) attends to the God of Night I put Mother in that position and she must attend to me as I did to the God of Night. She is like my physical body. Even if Mother goes up to that position (the God of Day) she must know that there is the God of Night upon her. She, putting me on the top of the God of Day, must be able to attend to me as the God of Night. When it is done, everything is fully finished. If Mother does not know this, I will not go to that position.”

“I told you to make your own autobiography, which is your confession book. You have to leave your confession book for your sons and daughters.”

“This is the time to tell you the formula about what kind of life you have to live. This is the only time to do so. Do you understand? This is the official statement. I did not sleep last night. I had the first night in Korea, had the second night here, and will have the third night. I came here one minute before 4:00 a.m. and gave a direction to come here to have Hoon Dok Hae. It seemed everybody came. There is nothing for you to insist here.”
