Special thanks to Rev. Kambashi for this translation.

We had the assembly in Turkey where 98% of the population are Muslim. True Mother also picked Turkey as one of the most difficult countries where she had her assemblies. As we expected, the assembly became tumultuous and many people left during the program. True Father who faced with such people, said in the elevator after the meeting,

“Yet still, the words of God that I gave here will remain forever.”

I felt the true heart of Christ and True Parent.
