Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words. However, they do provide a good idea of the “spirit” of the message. — Rev. Katsumi Kambashi

The majority of the participants were Japanese members but Father read his speech and made comments in Korean.

(Holding his file of the latest speech) “This is the last proclamation with the essence of my textbooks and teaching materials in the whole providence in Heaven and earth. From page one, all historical materials are covered. Its title is ____ It is important where the True Parents of Heaven, Earth and Humankind are settled. There have not been (true) humans in Heaven and Earth since they were all descendants of the fallen parents who received a false blood lineage. Then...”

“As of now, humankind did not know what the fruits of the tree of good and evil were. Do you know it? (‘Yes’) How do you know it? When you read this speech, you can understand it within a week. Why did they say ‘Heavenly Father’ not did not know Heavenly Mother? It is because of their sin of “eating” the fruits of the tree of good and evil. If parents did not eat it (before their maturity), that would be the tradition through generations.”

“What is the origin of your mind and body that are fighting against each other? If the first human did not eat the fruits of the tree of good and evil, there would not have been a struggle between the two.”

“In the path of indemnity, there is no excuse.”

“The way to heal any kind of disease is to touch all parts of your body and find if there is any painful part. Some will find three pain points even with one finger. Your mind knows where they are when you push your body with your fingers. Then release that pain (by massaging), and you will be cured. That is the unification through harmony in your body.”

“If you pray when you are sick, I will teach you immediately regarding which direction you should take. When you pray, you know it right away. True Parents are the persons who can put the cause of the disease under control and so they can fully clean up the environment. So when you stand on a unified common base of the nation and the world with True Parents, and pray knowing you can be the motive and the results which will influence others as well, there is nothing you cannot do. Patients will be sick again within three years without fail since Satan, which was with that body, will come back. But if you have somebody who has the same faith and is in the same blood through the Blessing along with you, Satan cannot work on you or you can naturally find how to heal yourself.”

“There is a formula and if you know it you do not have to worry: Satan will escape from you. I said (Katsumi: it is in North Korean dialect, which means something which does not exist but seems to exist. But it seems Father uses the term indicating something that exists spiritually). When you pass a crossroad which is connected to east, west, north and south, it will ask you without fail from where you come from, north, south, east or west. If you do not answer, it will immediately give you pain by kicking you. It thinks ‘Why didn’t you answer, even when you know the answer!’ When it helps you heal but you do not follow, it will not help you again. When you become sick, you cannot heal yourself alone. You need to find a motive with which you can be united with heaven and

earth, and have to know where you reside for the harvest.”

“Those who pray a lot say ‘vertical and horizontal’ not ‘horizontal and vertical.’ ‘Vertical’ comes first.”

All participants stood up and sang a Korean song for True Parents. True Mother sang joined by True Father. Then Mother said to Father, ‘Let’s sing together,’ and they sang ____ and other songs.
