Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words. Rev. Katsumi Kambashi

“You must know that you cannot trade one day that you have (during True Parents’ lifetime) with 1,000 years. In the secular world, people do birth control or do not get married. But humans can’t grow without having families. Man and woman exist for forming a family. They (who do not consider the importance of a family) are totally crazy. Die and go to the spirit world (to find out) if I, who is called True Father, lied.”

“Do you know how serious I am? I am a person who knows the day I will go to the spirit world is not at a long distance. I have established not only words, but also substantial conditions.”

“Why does 9 x 9 make 81? It should be 91 or 102 while reproducing sons and daughters and dominate the whole cosmos.”

“Each sentence in this speech (of Cosmic Assembly for the Proclamation of the Settlement of the True Parents of Heaven, Earth and Humankind, and the Substantial Word of God) corresponds to one of my speech books.”

“Who am I? True Father? Then who are you? I have been sick with disappointment in life. Where do I have any foundation? (While sighing) The relation (Father has with us) is something I cannot throw away. Are you a Unification Church member or founder? Or enemy? From now on I won’t guide and meet you.”

“You call me ‘parent’ and call members ‘brothers and sisters’ but have you treated any of them for a meal? This time those who stayed at the Ocean Cheonjeong Palace Hotel said, ‘This (building) is so great,’ while I thought it was less than 1% (of what Father expected). Do you know how much Jeong Seong I have offered to make the Won Mo boat? Some of you even don’t know the name of the boat. You won’t be able to enter here from now on.”

“I will go (to the spirit world.) I am already 93 years old and have no attachment to this world. You say ‘Long live True Parents!’ but do you have any support for that regard? You beggars. You are the persons who destroy the Unification Church in Korea.”

“Those who lived for their children and publicly lived for the nation, can go and visit their children even if they (children) are in the hell. Die to find out if it is correct.”

“The day will come when centering on Korean 286 surnames, all people, having Koreans as their ancestors, pay tribute to Korea. It sounds like a dream. If you want to believe it, believe so. If you want to oppose it, do so. It will come true anyway, and if not I will make it happen.”

(After all singing “Grace of Glory” to conclude the meeting)

“I will go to the spirit world before long. Those who don’t have their nation cannot sing their anthem. When you criticize yourself examining if you are representing your parents, brothers and sisters and relatives, you naturally put your head down. You must be used to feeling shameful even in shedding tears. Then you can truly understand the meaning of the lyrics.”
