“When I was 3 years old, I already knew there were the God of Night and the God of Day.”

“Say Oh Dook Shin. That was a spirit which believes it works best in the dark and pretends to be God. When I prayed, it appeared to me and was always a little bigger than me with short hair. At the crossroad or the junction of the two rivers, the spirit always protects (me) from accidents.”

“To conclude centering on the number 13 is the D-Day of the Unification church. There is nobody who understands and respects me.”
