Note: These notes are taken from a Peace TV video clip. They cannot be published as definitive texts and should never be used in the future as an “official” publication of True Father’s words.

Father asked Rev. Jeong Ok Yoo to read the keynote address he gives during his world tour. The following are some of his words after the reading.

“You cannot criticize this (speech) with your own thought. I did not learn this from someone else, and you should understand that I have been practicing all these words. You should know my standard of living for liberating God and humankind is a one-time affair in the whole of human history. Where did you come from? Are you the leaders of the Unification Church? If you just try to gain a successful career, you as humans in the fallen world cannot find the path to come back to God.”

(Reading the title of his speech) “Settlement of the True Parents of Heaven, Earth, and Humankind.” There are eight words. Then Proclamation of the Substantial Words of God. The fact that human beings lost Bonche (body, noumenon, entity, or substance) of the truth should be reversed. The God incarnate, if there is one, must proclaim this. It is not that anybody can do it. You should know that the separation originated in God. Your mind and body fight against each other, don’t they? That’s why when we talk about God, we need the terms of the God of Night and the God of Day. (Katsumi: Father recently said the God of Night is like mind and the God of Day is like body)

“Have you heard North, south, west and east? (‘No.’) Have you heard East, west, south and north? (‘Yes.’) Then what do you know about it? What does it mean? That’s the way it is in the original world. Nobody heard North, south, west and east but reality has been created that way, which deviated from the origin. This is due to the human fall.”

(Reading a message to Father that urges him to conclude the meeting so that he does not miss the airplane for Madrid, Spain)

“There is no time left. Before the time has come (for me to leave) my body does not move. When it is the time when I must definitely leave, my legs start to move. I am always on time for the flight having leeway of not even ten minutes but five minutes.”

(Reading a subtitle in his speech) “Seunghwa Ritual of the New World and the Establishment of the New Tribal Messiah World Federation.” This (proclamation) is on the top of God’s warning to Adam and Eve in the Garden of Eden.
